

# AAL-Continua Forum

---

**Europa Hotel, Belfast, 14 June 2010, 14:30 – 16:45**

There is little doubt that growing old with autonomy and health in familiar surroundings brings comfort and dignity. Come and learn how the Ambient Assisted Living Joint Programme and Continua Health Alliance are working together to improve the quality of life of an ageing society.

## Agenda

### Introductions

- Welcome: Michael Caulfield, CEO Intelesens Ltd., Northern Ireland
  - Professor Dr. Lena Gustafsson, AAL Association President, Vinnova, Sweden
  - Rick Clossen, President, Continua Health Alliance, Intel, USA

### Let's talk straight: realities and myths about independent ageing

- "Ageing trends and EU Commission initiatives"  
Peter Wintlev-Jensen, EU Commission, Head of Sector, ICT for Inclusion
- "A Roadmap for Assisted Living Technologies- Supporting the Healthcare Challenges of a 21st Century Society"  
Dr. Michael J. McGrath, Principal Investigator at the TRIL Centre, Senior Technologist in Intel's Digital Health Group
- "The view from a region"  
Giulio Antonini, Friuli-Venezia Giulia Region, Italy

### From research to market - are we doing the right things?
